Intelsat is the First Choice for Video Distribution in Africa

You can reach millions of households through one of our seven prime orbital locations and video neighborhoods that support DTT and DTH platforms and distribution. With over 800 channels already carried, new markets are at your finger tips and ready to grow.

About Intelsat

As the foundational architects of satellite technology, Intelsat operates the largest, most advanced satellite fleet and connectivity infrastructure in the world. We apply our unparalleled expertise and global scale to reliably and seamlessly connect people, devices and networks in even the most challenging and remote locations. Transformation happens when businesses, governments and communities build a ubiquitous connected future through Intelsat's next-generation global network and simplified managed services.

At Intelsat, we turn possibilities into reality. Imagine Here, with us, at Intelsat.com.
